

REMARKS

Applicants wish to thank the Examiner for taking the time to conduct a telephone interview with applicant's representatives this morning August 3, 2005. The instant amendments to the claims were discussed during this telephone call. In summary, favorable consideration of at least claim 11 was reached.

Claims 1, 26, and 49 have been amended to clarify the terms "arranged generally" to "oriented" regarding the direction of the loop containing sections. This claim limitation was added to clarify that the higher frequency loops of the present invention are not oriented in the longitudinal direction.

Applicants respectfully request that the Examiner consider the instant amended claims. These amendments are believed to put the claims in condition for allowance. The claims as amended are clearly distinguishable from the references cited by the Examiner.

If the Examiner has any suggestions for expediting allowance of this application, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below.

Favorable consideration is respectfully requested.

AUTHORIZATION

The Commissioner is hereby authorized to charge any additional fees that may be required for this amendment, or credit any overpayment to Deposit Account No. 13-4500, Order No. 4303-4005. **A DUPLICATE OF THIS DOCUMENT IS ATTACHED.**

Respectfully submitted,
